

## Job Aid: COMMBUYS Vendor Registration

### This Job Aid shows how to:

- Complete the vendor registration process in COMMBUYS

### Of Special Note:

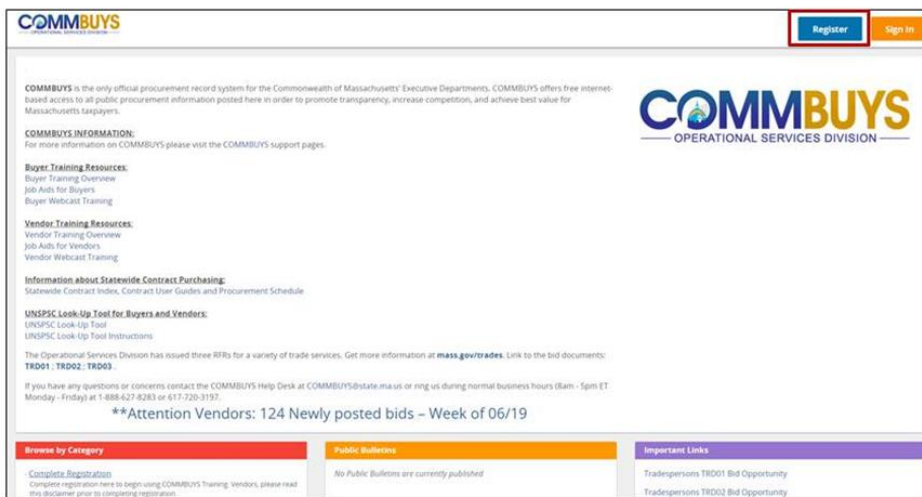

Vendors must register in COMMBUYS (even if they have previously done business with the Commonwealth of Massachusetts) in order to receive notifications about bid opportunities, submit quotes, receive bid awards, or be issued purchase orders through COMMBUYS.

Registering in COMMBUYS allows you to specify company information that helps drive buyer search results and assists in other aspects of the purchasing and bidding processes. Vendors are required to specify a Seller Administrator as part of the vendor registration process. The Seller Administrator will maintain vendor business and catalog information in COMMBUYS.

[Appendix A](#) provides information for various scenarios when your Tax ID is already in use

## **Appendix A**

### **Tax ID Already in Use**

When COMMBUYS indicates that a Tax ID is already in use and your registration cannot move forward with that Tax ID, it may be for one of several reasons:

1. Someone else (at your company) recently registered the company in COMMBUYS but didn't let you know.
2. An affiliate company (using same Tax ID) is already registered in COMMBUYS.
3. The Seller Administrator left your company with no back-up Administrator and you don't have Seller Administrator login credentials to update your account information.
4. Your company was previously registered in CommPASS and has been migrated to COMMBUYS but you can't access your COMMBUYS account, and you need your account reset with new temporary login credentials to update your account information.
5. Someone has used your Tax ID without authorization.

If you receive a message indicating that your Tax ID is already in use, report the issue to the COMMBUYS Help Desk for further instructions. The COMMBUYS Help Desk can be reached at 1-888-627-8283 or [commbuys@state.ma.us](mailto:commbuys@state.ma.us).
